

**Trescott Street Gallery Invites You to Attend
Our New Series**

Workshops for Adults

Composition describes the placement of relative objects and elements in a work of art. The use of composition is a way of guiding the viewer's eye towards the most important elements of your work. Therefore, composition is a key aspect of a good work of art. This is an element that every photographer and artist needs to give a great deal of attention toward.

The June 11, 2021 workshop covers the basic rules of composition and how to use them to help you create more interesting and compelling images whether you are a photographer or an artist.

This workshop will be immensely valuable to the budding artist or photographer as well as those who have been honing their craft for many years.

Instructor, Shane Gutierrez will be imparting his expertise and knowledge gained through his 30 years of being in the business of corporate, product and architectural photography as well as teaching at RISD, Mystic Museum of Art, Wickford Art Association and many more associations too numerous to mention.

WORKSHOP FEE - \$50 per person

Advance Payment Required via Trescott Street Gallery Facebook Event or website at www.trescottstreetgallery.org.

This workshop is open to Adults 16 years and up.

Space is limited to 12 attendees. Masks required.

Attendees may bring 2 photographs or works of art for critique by Mr. Gutierrez.
